Product Description

Bobcat DT19 Dethatcher & Verticutter

The Bobcat® DT19 dethatcher is built for heavy-duty turf renovation and verticutting.

- Cover 18,700 square feet per hour with a 19 in. working width
- Without any tools, easily change between five different reel types
- Self-propelled operation

The Bobcat DT19 is built for heavy-duty turf renovation and verticutting. With easy-to-use cutting depth controls and interchangeable reels/cutting blades for optimal efficiency, the self-propelled, walk-behind DT19 allows you to cover up to 18,700 square feet per hour.

- A simple height adjustment lets you fine-tune your dethatcher's slicing depth. (*Exact depths depend on blade type used.*)
 - Adjust the throttle and set cutting depth right from the user-friendly operator's station.
 - Experience a new world of versatility by cutting and seeding at the same time.
 - Finish jobs without feeling exhausted with self-propelled operation, delivering a consistent ground speed that makes for better results.
-
