Product Description

Bobcat FP15.40 Forward Plate Compactor

The versatile FP15.40 forward vibratory plate compactor achieves optimal compaction results on a variety of granular materials, including sand, gravel and hot-mix asphalt.

- Reliable Honda engine
 - Easy transport with optional, toolless wheels
 - Industry-leading forward movement
 - Standard water tank and sprayer kit
 - Put this Bobcat forward vibratory plate compactor to work in a wide range of applications, including base compaction within trenches or surface material compaction.
 - The FP15.40 forward plate compactor is equipped with a durable and efficient Honda engine that provides easy starts and maximum power while minimizing fuel consumption.
 - Quickly attach the optional, toolless mat to operate the plate compactor on paving stones without cracking or chipping the surface.
 - Designed to isolate plate vibrations from the operator's handle, Bobcat forward plate compactors minimize hand-arm vibration and fatigue.
 - Control dust or keep the vibratory base plate free of hot asphalt buildup with the standard water tank and sprinkler system.
-
