Product Description

Bobcat L95 Compact Wheel Loader

The Bobcat® L95 compact wheel loader brings a high bucket capacity, swift travel speeds and impressive maneuverability to the jobsite, enabling you to move mountains of material in less time.

- 3,981-pound rated operating capacity, 1.2-yard bucket capacity, 10.5-foot lift height
 - Move faster - and get the job done quicker - with travel speed as high as 24 mph
 - Three drive modes provide faster travel preferences and high-precision attachment operation
 - Standard high-flow auxiliary hydraulics provide up to 27 gpm for peak attachment efficiency
 - A heated air-ride seat cushions rough terrain and machine vibration for a smooth, comfortable ride
 - The L95 compact wheel loader's compact size, tight turning radius and Power Bob-Tach® attachment mounting system ensure maximum versatility for numerous jobs.
 - The advanced Tier 4, turbocharged engine delivers powerful, high-torque performance, excellent efficiency and achieves emissions compliance without the use of a diesel particulate filter (DPF) or selective catalyst reduction (SCR).
 - With low noise levels in the cab, an oscillating frame, smooth turning and automatic ride control, the L95 provides an exceptional ride quality that enhances the operator experience.
-
