Product Description

Bobcat RP30.50 Reversible Plate Compactor

Quick and easy direction changes and consistent compaction results are built into every Bobcat® RP30.50 reversible plate compactor.

- Maximum compaction output
 - Minimal hand-arm vibration
 - Material-shedding baseplate
 - Durable Honda engine
 - The Bobcat RP30.50 reversible plate is equipped with a durable, 8-hp Honda engine that delivers reliable starts and powerful compaction forces.
 - A robust, tubular frame surrounds the engine, keeping the RP30.50 reversible plate in the field day after day.
 - Isolators minimize hand-arm vibrations for reduced operator fatigue and enhanced comfort.
 - Optional features include toolless transport wheels, a protective mat for compaction work on paving stones, and a vibration-activated hour meter.
 - The well-balanced base plate distributes compaction power evenly, for efficient operation and consistent results on a variety of materials and grades.
-
