Product Description

Bobcat T64 Compact Track Loader

With unmatched attachment versatility, you'll accomplish more and maximize your return on investment.

The T64 is a tough machine, boasting cast-steel lift arm construction, enhanced cold-weather operation, and an undercarriage design that improves ride quality and reduces track wear.

The Bobcat engine meets Tier 4 regulations without a diesel particulate filter, reducing your downtime and operating costs.

The mid-frame T64 is a high-performing, highly maneuverable compact loader. It's built Bobcat tough, with features that enhance durability and simplify routine maintenance. With the T64 controls at your fingertips, you're an unstoppable force.

- The ultimate operator vantage point
 - Powerful, non-DPF engine
 - High-performance cooling system
 - 5-Link torsion suspension undercarriage
-
