Product Description

Bobcat T740 Compact Track Loader

Equipped with a powerful, non-DPF engine, the T740 delivers high performance and impressive lift height for efficient material handling, plus all the attachment versatility you'll need to tackle a wide range of applications with one tough machine.

Operators appreciate this compact track loader's powerful breakout forces, fast cycle times and full-access serviceability for simplified routine maintenance.

Hydraulic pumps in Bobcat loaders are matched to cylinder size and loader lift capacity to provide fast cycle times that help you get the job done faster.

The T740 is a favorite among fleet owners and managers who depend on this high-performing compact loader every day to make quick work of demanding projects.

- Powerful, non-DPF engine
 - Nearly 11 feet of lift height
 - Impressive ground clearance
 - Full-access serviceability
-
